## Scholastic Clay Target Program

### Request for Bid- Sporting Clay Event

To: South Carolina Gun Club Owners

From: The South Carolina Independent School Association

Dennis B. Groce – South Carolina Independent School Association Shooting  
Sports Coordinator

RE: Request for Bid- Sporting Clay Event

The South Carolina Independent School Association (SCISA) will be holding sporting clay events plus one SCISA sporting clay championship in 2009 at various gun clubs in South Carolina. Our program has grown so tremendously, that we feel it is in the best interest of the sport and for the many contacts throughout the South Carolina Independent School Association's extended family that we offer an opportunity for any and every interested club to host an event. In doing so, we are soliciting bids for these matches, which take place beginning in January and ending with the state championship in April. By soliciting bids, we feel this will eliminate any perception of favoritism and help with the competitive cost for our shooters. If you would like to participate please review the requirements for the gun club.

1. Set-up and maintaining targets and equipment for 10-12 station layout.
2. 100 target event
3. Water on course
4. Restroom available
5. Cashier – No reporting of scores needed
6. Some rental carts
7. Meals- Lunch
8. 5- stand

Shells available at club house

When bidding, please keep in mind that we will have two rotations per event, with anticipation of up to 200 shooters or more. If your club would like to hold an event, please email us; cost of targets, 5-stand cost, meals, cart rental and shell cost to [dbgroce@aol.com](mailto:dbgroce@aol.com). Please submit bids by 01/16/09.

As you know, these young people represent our future. They will be future business, civic, and governmental leaders. They also represent the future client base for many of your clubs. Thanks for your time to provide an opportunity to experience your wonderful facility.

We look forward to seeing you in 2009.

Dennis B. Groce - SCISA Shooting Sports Coordinator &  
Mike Fanning - SCISA Athletic Director
