

The South Carolina Independent School Association will host a workshop to give members of your staff the skills necessary to become mentor teachers. In recent surveys a high percentage of novice SCISA teachers reported not being part of an effective mentoring program. Trained mentors can make a difference. The purpose of the workshop will be to provide schools with a cadre of mentor teachers ready to be assigned as soon as new teachers are hired.

Mentor Teacher Workshop

held at the SCISA State Headquarters and Conference Center
134 SCISA Drive – Orangeburg, SC 29118
