

The South Carolina Independent School Association

Teacher Institute

SCISA will conduct two sessions of the **TI** for teachers on the dates below. The institute is designed to train teachers in areas where they tend to be typically weak. Please note that we also recommend **TI** for teachers coming back into the teaching profession and/or those coming to independent schools from public schools. It is also a GREAT REFRESHER COURSE FOR YOUR VETERAN TEACHERS.

- **On the first day all participants will be video-taped teaching a typical lesson.**
- **The Head of School is asked to have faculty manual and student handbook available for the teacher/s to bring with them on the first day of TI.** Unique to SCISA's institute will be case studies using the participants' policy manual and handbook. These studies will insure a working knowledge of the policies under which the teacher will be working. The two eight hour days will provide a more thorough orientation for teachers than schools can provide, and the cost is considerably less than most institutes. Course instructors are Mr. Larry Watt and Meghan James.

TOPICS INCLUDE:

- Classroom Discipline
- Classroom Procedures
- School Politics
- Co-curricular Activities
- Testing and Grading
- Communication with Parents

Session I - July 23 & 24 - Register by July 3

Session II - July 26 & 27 - Register by July 3

Registration Fee: \$150.00 per person
Sessions are limited to 20 participants each

Please mail check with your registration form to:
