

South Carolina Independent School Association

George Grice Eighth Grade Scholar Recognition Certificates

Dr. George Grice was a founding member of the South Carolina Independent School Association. He served as Chairman and President during the Association's first eight years. Additionally, he served as a South Carolina State Senator, President of Limestone College, and President of the College of Charleston.

In recognition of Dr. Grice's contributions to independent education in South Carolina, The South Carolina Independent School Association will award a **GEORGE GRICE EIGHTH GRADE SCHOLAR** certificate this year to those students at your school who meet **ALL** of the following criteria:

1. Must be a current eighth grade student.

AND

2. Score at or above the 90th percentile on any one of the reading or mathematics subtests of the Stanford 10 Achievement Test, or other nationally recognized test taken during the student's seventh or eighth grade year.

COVID ADDENDUM: May include 6th, 7th, or 8th grade standardized test scores.

May include fall testing and other standardized tests, not just Stanford.

Must score in the 90th percentile in reading OR math subtests.

AND

3. Be recommended by the Headmaster.

Advise the SCISA office of the number of certificates you will need by completing the attached sheet. You must include the subtest percentile ranking(s) of the recipients.

To preclude errors and provide your school with the option of lettering style, the certificates will not include the student's name.

We hope that you will use these awards as an opportunity to promote not only deserving students, but also your outstanding school.
